	Presentation Day (E)	K-6	Thursday December 12 th	Nil
	Celebration Café (I)	K-6	Tuesday December 17 th	\$10

Walking Excursions (K-6)

Students will be participating in local walks to enhance activities completed in class. These excursions will support important parts of the English, Science and Technology and Geography units that the students are studying. To ensure that we make the most of our local environment, rather than plan the dates of these walks weeks in advance, teachers will notify parents of the dates of walks ahead of time in the school newsletter and through class notes. Students will be accompanied on any walk by their class teachers with first aid and emergency care training.

Seed Harvest Spoon (K-6)

This program is held at school fortnightly on Wednesdays. It is sponsored by PAYCE and so is provided at no cost to parents/carers. A permission note is not required as it covers the school curriculum and is cost free.

Seed Harvest Spoon is a registered 'Not for Profit' organisation which provides a hands-on sustainability education program based around our Kitchen Garden. The program links with the NSW curriculum outcomes and encompasses literacy, science, numeracy, creativity and health content through hands-on experiences in the garden and kitchen environment. For more details about Seed Harvest Spoon, visit their website at <http://www.seedharvestspoon.com.au/>.

Science @ Marsden (5/6)

This excursion will be held at Marsden High School on Thursday August 22nd. There is no cost.

Marsden High School's 'Science @ Marsden' is a fun filled excursion run by the science club at Marsden High School. The aim of the excursion is for students to participate in a series of knowledge, lateral thinking and problem solving activities with Year 7-10 students. The science club will share the fun of experiments and interesting facts with the students through two hours of practical activities. The theme this year is Science – *Find out how magical it really is.*

Students will be at Marsden High School either in the morning from 9:30 – 11:30 OR in the afternoon from 12:30 – 2:30. The science activities will be conducted by students who are members of the Marsden Science club under the strict supervision of their teachers.

Students will walk to and from the High School, accompanied by their class teachers with first aid and emergency care training.

Science: Skyworks Planetarium (3-6)

This incursion will be held in the school hall on Monday September 2nd and costs \$8.

The Skyworks Planetarium is a portable Planetarium Dome that allows students to explore the night sky through projection. This spectacular display of the earth, solar systems, stars, constellations and the universe will mesmerise one and all as they crawl through this captivating dome while the presenter's commentary engages them from start to finish.

Musica Viva – Rhythm Works (K-6)

This incursion will be held in the school hall on Wednesday September 4th and costs \$9.

Rhythm Works are a dynamic percussion duo who show students how to create visual images through music – with lizards, waterfalls, road trains, and carnivals. In this high energy show, students are introduced to a range of instruments from African djembes, marimbas, electronic loop machines, laptops, Boomwhackers, and wearable instruments made out of PVC pipe! Students are given opportunities to perform on these instruments to create their own musical imagery, with opportunities to re-create the experience back in the home or classroom.

Drama: Room On Our Rock, Book Week Performance (K-6)

This incursion will be held in the school hall on Wednesday September 11th and costs \$8.

To celebrate 2019 Book Week, Meerkat Productions will be presenting an adaptation of Kate and Jol Temple's picture book, illustrated by Terri Rose Baynton, *Room On Our Rock*. *Room On Our Rock* focuses on the themes of sharing and empathy for others. Their adaptation plays the arrival of the two frightened seals from an endangered rock twice over from two different points of view.

Geography Excursion: A Diverse and Connected World (Years 5 & 6)

This excursion will be held in the city, primarily around Chinatown and Darling Harbour, on Thursday September 26th. The cost is \$30.

This lively and colourful excursion takes students through the history of Australia's connections with Asia. Students will explore the hidden laneways of Chinatown and the majestic Chinese gardens and finish with A Diverse and Connected World Amazing Race.

Presentation Day Rehearsal and Presentation Day (K-6)

These excursions will be held at Marsden High School on the morning of Thursday December 5th and afternoon of Thursday December 12th. There is no cost.

At the end of each school year we take the time to recognise the wonderful achievements our students have made with a presentation assembly. Parents and families are invited to congratulate students on academic, social, sporting and creative progress. The school Dux, Sportsperson of the Year and Creative Arts trophies are awarded and the school leaders for the following year are announced.

Celebration Café (K-6)

This activity will be held at school on Tuesday December 17th and costs \$10.

At Melrose Park PS, we traditionally celebrate our wonderful year of learning with a day of activities, games and a special lunch. We call it Celebration Café. We expect all students to join in for a wonderful fun day of celebration. Closer to the day, students will have the opportunity to select their lunch option. The cost of this activity is \$10.
